Sarah Institute of Paramedical Sciences

WORLD AIDS DAY

Report

Report of the world AIDS Day celebrated by SIPS on December 1st 2024. The world AIDS day was celebrated very prominently by Sarah Institute of Paramedical Sciences Itanagar, AP in collaboration with Arunachal Pradesh State AIDS Control Society.

All the faculty members along with the students and parents wholeheartedly participated in the awareness program and made every possible effort to spread the awareness on the deadly disease HIV/AIDS.

The awareness programme started in the institute at around 10.00 AM in the morning.

We welcomed the Chief guest Shri Paksing Maling (former ZPM, Payeng circle), Resources person Shri Arup Handique (Deputy Director, APSACS) and special guest Sidhartha Phukon (Technical/ Consultant norm reduction ISRN), parents and the local populace. The student performed mega traditional dance, song and a skit about how a healthy person might contract HIV, if he/she is not properly aware of the virus. The students also organized a remarkable exhibition related to paramedical science and health screening.

There was an interaction round with the resource person, the students and parents during which Shri Arup Handique (Deputy Director, APSACS) explained about the virus very clearly.

The programme ended with an awareness rally at 2:00 PM from SIPS to IG Park Itanagar. The students walked along with banner displaying about HIV/AIDS, shouting slogans and distributing placards to the public. The event witnessed an impressive participant including from the young boys and girls, parents, shop owner and students of other schools. The engagement levels were high, indicating a positive response to the activities planned.

Earlier on the previous day the institute remained busy preparing for the event. Large size banners and placards were prepared within the institute. Banner cloth, placards paper were managed. Balloons, flowers, color paper were also prepared for decoration. Vehicles were also managed for picking up and dropping students and faculty members and for lifting materials to the culminating point. PA system was also managed with refreshments also arranged.

Rangoli Celebration

On 30th October, the institute has organized an Organic Rangoli competition among the students on the occasion of Diwali celebration. This was first time ever celebrated in the institute. This was to encourage sustainable festival practice while fostering creativity and team work among students. Rangoli, a traditional Indian art form, was re-imagined using eco-friendly materials to convey the importance of protecting our environment while celebrating cultural heritage.

The students were divided into 6 groups. Each team was allocated a space for their designs, and the students were given specific time limits.

The teams used only natural and locally available materials such as flower petals, rice powder, wood, tree leaves, stick and stones.

Objectives:

- To raise awareness about the harmful effects of synthetic rangoli colors on the environment and human health.
- To promote the use of natural and biodegradable materials in artistic expressions.
- To encourage creativity and teamwork among students.
- To celebrate the cultural significance of Rangoli in an environmentally responsible manner.

Materials Used:

The event showcased a wide array of organic materials, including:

- Rice flour (various colors achieved using natural dyes)
- Turmeric powder
- Stone
- wood
- wild leaves
- Flower petals
- Colored sand (naturally dyed)

Event Highlights:

- **Student Participation:** Students from both the semesters (DMLT and DMIT) participated enthusiastically, creating vibrant and intricate Rangoli designs.
- **Theme:** The Rangoli designs reflected themes related to nature, environmental conservation, and cultural heritage.

Observations and Impact:

- The event successfully demonstrated that vibrant and beautiful Rangolis can be created using natural materials.
- Students exhibited a heightened awareness of environmental issues and a willingness to adopt sustainable practices.
- The event fostered a sense of community and collaboration among students.
- The overall atmosphere of the event was positive and engaging.

Conclusion:

The Organic Rangoli celebration at Sarah Institute Paramedical was a resounding success, effectively promoting environmental consciousness and artistic expression. The event served as a valuable learning experience for students, demonstrating that cultural traditions can be celebrated in a sustainable and responsible manner. This initiative has undoubtedly contributed to fostering a more environmentally aware and responsible school community.

World Radiography day celebration

On November 8, 2024 Sarah institute of paramedical and sciences celebrated world radiography day with the theme "Radiographer: Seeing the unseen". As part of the world radiography day celebration, a seminar was conducted which was graced by the presence of the distinguished guest speaker, Hento Ete senior radiographer of general hospital Aalo, Arunachal Pradesh.

The speaker share his 20 years of career experiences in radiography. He discussed the importance of radiography and role of radiographer in health sector. Also he emphasized about the scope under the field of radiology. The speaker sir provided immense encouragement to our aspiring radiographer student, inspiring them to excel in their academic pursuits.

"The seminar also featured an interactive question-answer session, during which students had the opportunity to clarify their doubts and seek guidance on radiography from the guest speaker."

Additionally the program witnessed enthusiastic participation from DMIT students, in which 3rd semester DMIT students delivered an informative poster presentation, which comprehensively covered the various modalities in radiography and its importance.

Furthermore the students showcased their musical aptitude engaging the audience and added delightful dimension to the program. Their impressive display continued with an uplifting quote recitation capturing the essence of "Radiographer: Seeing the unseen."

"The program was a resounding success, yielding a rich learning experience for students."

ANNUAL PICNIC CUM FAREWELL FOR FOUTH BATCH

Date: 7TH MARCH, 2025.

Location: Nikum Picnic Spot, Poma .

Organized by: Student Committee of 4th Semester.

This report summarizes the successful organization and execution of the Annual Picnic cum Farewell programme held on 7th March, 2025 at Nikum Picnic Spot, Poma. The event was meticulously planned and executed entirely by the student committee under the supervision and guidance of the faculty members.

The purpose of the event was twofold – to provide a refreshing break from the academic routine and to give heartfelt send-off to the graduating students who have completed their academic journey with us.

The event commenced at around 9:30 AM with the arrival of all the students and staffs at the designated location .The morning session was dedicated to the graduating students .The farewell ceremony began with juniors expressing their gratitude and best wishes to the seniors through speeches , performances and handmade gifts .Seniors , in turn shared their heartfelt memories and experiences creating a emotional yet celebratory ambiance .Next , the Course coordinator ma'am addressed the graduating class reflecting on their journey through the institute ,highlighting the growth witnessed over the years .This was followed by an inspiring speech by the Chairman ,who shared words of wisdom , encouragement and the importance of lifelong learning .

Following a refreshing lunch break, the energy of the picnic picked up once again as a series of fun engaging games were initiated fostering a spirit of healthy competition between the students and faculty. The program effectively balanced the more formal farewell and the lively game session allowing the students to enjoy both the active and more reflective aspect of the day.

The event concluded around 4:30PM with group photographs, informal interactive session, and final goodbyes. Students then began their departure in orderly manner, utilizing the pre-arranged transportation.
